- Hit the Trails Responsibly**
- Be kind**
- Be respectful of other visitors and their experiences. (And remember, we are all visitors on the trail!).
 - Leave your bluetooth speaker at home and listen to the sounds of nature.
 - Leash and control your pets. Pack out pet waste.
- Be aware**
- Safety first: Notice your surroundings. Always know your location.
 - Watch out for wildlife and give them plenty of space. Do not feed wildlife or leave food unattended.
 - Littering on trails is often accidental (at least, we hope!). If you bring something with you, pack it out.
 - In downtown Damascus, please walk bicycles when using the sidewalks.
- Be prepared**
- Know the weather forecast. The weather varies and changes more quickly at higher elevations.
 - Bring the essentials: clothing layers, food and water, navigation, and a first aid kit.
 - Don't count on having cellphone service outside of town.
 - Make a plan with your group and stay together. If traveling alone, let someone know your trip plan.
